Householder Enquiry Form

**THIS FORM SHOULD ONLY BE USED FOR ENQUIRIES REGARDING DOMESTIC DWELLINGS**

If you are proposing to enlarge or alter your dwelling or erect a building within the curtilage of your dwelling, it is possible that planning permission and/or building regulations approval will be required. Proposals include extensions, porches, dormer windows, conservatories, garages, car ports, garden sheds, new walls & fences, removal of structural walls, and vehicular access and drop kerbs etc.

Complete and return this form to us at the above address with the required fee (from 1st April 2017 - £44.70 inc. VAT) to determine exactly what approvals (if any) you must obtain before commencing work. If you have any problems in completing this form please contact an officer on (01623) 463077 or (01623) 463207.

If you have already applied for planning permission or building regulations consent for this proposal please indicate with X below and give the relevant reference number of the application

*Insert applicants name if signed by agent*
NOTE When completing any part of this form dimensions must only be given in metres and square metres

SECTION TWO 

Porches

1. Will the floor area of the porch (measured externally) be less than 3sq. metres? [ ] YES [ ] NO

2. Will all of the porch be less than 3m high when measured from ground level? [ ] YES [ ] NO

3. Will the porch be further than 2m away from a highway boundary (including a public footpath)? [ ] YES [ ] NO

4. Will the proposed porch be located on an existing entrance to the dwelling and is the entrance door to remain? [ ] YES [ ] NO

5. Will the glazing in windows within 800mm of floor level in doors and adjacent windows up to 1500mm high above floor level, be to BS6206? [ ] YES [ ] NO

SECTION THREE 

Extensions or alterations to a dwelling or erection of an outbuilding – this section also includes conservatories, carports & covered ways

If you propose to extend or alter your property or build a detached building such as a garage etc. within your curtilage you should answer the following questions. You should also include a plan (showing dimensions) in the space provided on the back page of the form.

1. Is the extension/proposal (please X) Single Storey Two Storey or a First floor Extension

2. Where will the proposal be positioned on the property? (please X) Front Side Rear

   IF SIDE extension will the width be greater than half the width of the original house? [ ] YES [ ] NO

   IF REAR extension:
   How far will the extension project from the rear wall of the ORIGINAL house? Distance m
   How far will the extension be from the rear boundary line? Distance m

3. Will the extension/proposal be within 2m of ANY boundary? [ ] YES [ ] NO

4. Will the extension/proposal result in more than half the residential curtilage (garden area) being covered by buildings? (excluding floor area of original dwelling) [ ] YES [ ] NO

5. Will the proposal be attached to your dwelling? [ ] YES [ ] NO
   If NO please specify the minimum distance of the building from the dwelling distance m

6. What are the external dimensions of the proposed building or extension?

   length m
   width m
   height (if flat roof) m

   ridge height (if pitched roof) m
   eaves height (if pitched roof) m

   (NB height is measured from ground level)

7. Has the property previously been extended? [ ] YES [ ] NO

   If yes, please give dimensions
   Length m Width m

   Please show any previous extensions on plan on page 6 of this form.

8. Will the proposal be closer to a highway or footpath boundary than the existing property? [ ] YES [ ] NO
9 What is the internal floor area?  

10 Does the proposal involve any of the following?  
A veranda, balcony or raised platform  
Any form of cladding, ie. Pebble dash/render  

If yes, please provide details  

11 Is a new chimney, flue or soil and vent pipe proposed?  
If yes,  
Will its height exceed the highest part of the roof by 1 metre?  
Will it be installed on a roof slope fronting a highway?  

12 Will your proposals involve any electrical installation, or alterations to an existing electrical supply?  

If yes, please provide details  

13 Will any part of the building/extension be within 3m of a drain or public sewer?  

14 What materials will be used for the roof and walls of the proposal? (eg. brick/block/timber/concrete/tiles/glass etc)  

15a If the proposal is for a conservatory or a covered way will the glazing to the walls and door be to BS6206?  

15b If the proposal is a conservatory does it form a separate room, ie will a door or window remain between the existing dwelling and conservatory  

15c Will any window or door opening to the existing dwelling be created or made any wider?  

16 If the proposal is a carport will it be open on two or more sides?  

17 Is a container for the storage of oil or LPG for domestic heating purposes proposed?  
If yes, what is the capacity of the container in litres  

SECTION FOUR  

Loft conversions, dormer windows, roof extension and roof lights  

1 Is the proposal for a loft conversion?  
If YES will it include the installation of roof lights or dormer windows? (please X)  

2 Will any part of the proposal exceed the highest part of the existing roof?  

3 Will the proposal be situated on any roof slope that fronts a highway?  

4 Please provide:  
External Dimensions of proposed roof addition  
External Dimensions of any previous additions to the original roof  

Length Width Height
5 Does the proposal involve any of the following?
   A veranda, balcony or raised platform?
   Installation, alteration or replacement of a chimney, flue or soil and vent pipe?
   If yes, please complete Question 9 in Section 3

6 Will the enlargement be within 20cm of the eaves of the existing dwelling?
   YES  NO

Please show on sketch plan.

SECTION FIVE Means of enclosure – walls, fences and gates etc.

If your proposal includes the erection of a wall, fence, gate or other means of enclosure please answer the following questions. You should also include a sketch showing the location of the wall etc. In the space provided on the back page of the form.

1 Will the proposal be adjacent to, or fronting onto a highway/footpath?
   YES  NO

2 What will be the maximum height of the proposal above ground level? Height m

SECTION SIX Satellite Dishes and Antennas

1 Are there any satellite dishes and/or antennas currently present on the building?
   YES  NO
   If YES, Please give details of the diameter, depth and volume of each existing dish or antenna.

<table>
<thead>
<tr>
<th>Diameter</th>
<th>Depth</th>
<th>Volume</th>
</tr>
</thead>
<tbody>
<tr>
<td>m</td>
<td>m</td>
<td>m³</td>
</tr>
<tr>
<td>m</td>
<td>m</td>
<td>m³</td>
</tr>
<tr>
<td>m</td>
<td>m</td>
<td>m³</td>
</tr>
</tbody>
</table>

2 Will the proposed satellite dish or antenna be located on a chimney stack?
   YES  NO

2a If yes, will the proposed dish or antenna protrude above the highest part of the chimney?
   YES  NO

3 If the property has a chimney stack, will the dish or antenna protrude above the highest part of the chimney or 60cm whichever is the lower?
   YES  NO

3a If the property does not have a chimney stack, will the dish or antenna protrude above the highest part of the roof of the property?
   YES  NO

4 Please give details of the diameter, depth and volume of the proposed dish or antenna.

<table>
<thead>
<tr>
<th>Diameter</th>
<th>Depth</th>
<th>Volume</th>
</tr>
</thead>
<tbody>
<tr>
<td>m</td>
<td>m</td>
<td>m³</td>
</tr>
</tbody>
</table>

SECTION SEVEN Hard Surface (i.e. footpath or driveway), Vehicular Access/Drop Kerb

1 Is it proposed to create or widen a vehicle access or dropped kerb?
   YES  NO

2 If hard surfacing is proposed (including replacement of existing hard surfacing) please indicate
   a) Will the surface area be located between the house and a highway?, and
   b) Will the surface area exceed 5 square metres?
   YES  NO

   If yes to both a) and b) above please provide details of surface material and means of surface drainage
## SECTION EIGHT

### Installation of Energy Generating Equipment

#### 1 SOLAR PANELS
Will the equipment be installed on the wall or roof of the existing dwelling or building within its curtilage?

<table>
<thead>
<tr>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
</table>

#### 1a If YES
- Will the equipment protrude more than 200mm from the wall or roof plane?
  - YES
  - NO
- Will the highest part of the equipment be higher than the highest point of the roof (excluding the chimney stack)?
  - YES
  - NO
- Is the equipment positioned on a wall or roof slope on the front or side of the building that is visible from the highway?
  - YES
  - NO

#### 1b IF NO
- How many stand alone solar units will there be?

Please give dimensions (Width, Depth, Height) of each unit:

<table>
<thead>
<tr>
<th>Width</th>
<th>Depth</th>
<th>Height</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

How high will the **TOTAL** unit stand from ground level?

<table>
<thead>
<tr>
<th>m</th>
</tr>
</thead>
</table>

- Will the equipment be visible from the highway?
  - YES
  - NO
- Will the equipment be positioned within 5m of the boundary?
  - YES
  - NO

#### 2 FLUE FOR A BIOMASS OR COMBINED HEAT AND POWER SYSTEM
- Is the flue to be positioned on the dwelling?
  - YES
  - NO
- Will the flue exceed the highest part of the roof by 1m or more?
  - YES
  - NO
- Will the flue be on the front or side elevation and be visible from the highway?
  - YES
  - NO

#### 3 INSTALLATION OF OTHER ENERGY GENERATING EQUIPMENT
- Please specify

Please provide dimensions and siting:

Whilst it may help to draw any plans to scale it is not essential as long as they are drawn in a clear legible manner and important dimensions are clearly stated. You should show any roads that are in front of/next to the property and the plan should also show whether the ground is flat or sloping. If the ground is not flat it is important to show the difference in levels. Any proposed changes to the ground levels should be indicated. Please use pen/ink rather than pencil in order that the plan can be photocopied clearly.

This is an example of the type of sketch that would be useful:
- It need not be to scale but important dimensions should be marked on;
- All outbuildings and previous extensions should be shown;
- The position of all new proposed works should be shown;
- Any change in ground level should be shown.
